

# Monarch School

EDUCATION FOR LIFE 

## Family Whitewater Rafting Trips

Throughout the years, Monarch School students and parents have participated in several, adventurous and memorable trips. We would like to share some memories of last summer's Annual Whitewater Rafting trips. These trips have become so popular, that we now have three trips every summer, to accommodate our families. Please enjoy the following reviews from faculty and parents!

*"The trip was A+. In addition to being set in a spectacularly beautiful place, the rafting staff was terrific, both in the rafts and at the campsite. But the best part was the opportunity to get to know the other parents and especially the other students. I came away with a much better understanding of the Monarch experience and also feeling great about the decision to send our son there."*

- Parent, June 2016

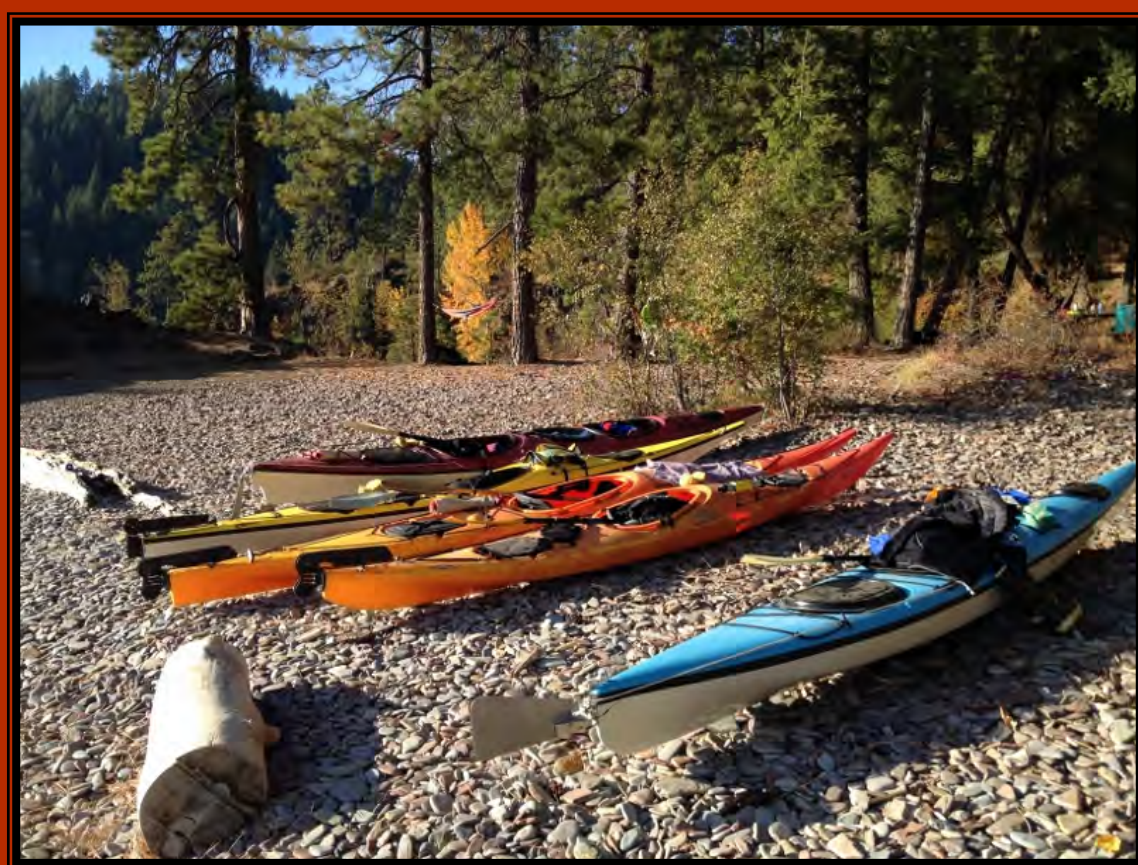

*"Wow! I had such an amazing experience on this three day rafting trip. We are so blessed to have these opportunities to spend time with our students and their families. Each of the students and family members had a blast, while establishing new healthy ways to communicate with each other."*

- Monarch School Therapist, Chris W

*"It was a great trip with fabulous guides, amazing food and camaraderie. The river is incredibly beautiful and the whitewater was fast and fun. It was great to watch our kids having fun together. I enjoyed the opportunity to meet other parents in a less therapeutic environment. I highly recommend the experience."*

- Parent, August 2016

In addition to Monarch School's Family Whitewater Rafting trips, we also offer our Parent-Student Kayaking Trips. These trips have a therapeutic intention and allow each pair to focus on their relationship. Every evening we circle down, around the camp fire, and check in with each family. Parents and students make unforgettable memories paddling and camping on Lake Pend Oreille, experiencing the unique and beautiful setting of this majestic part of the world.
